____ **IS THIS REALLY THE END TIMES:** This is a powerful series of tapes that could not be more relevant than they are today. The current events show us that Scripture is being fulfilled at a rapid pace. This tape series explores a number of different issues dealing with the end times and shows the listener over and over again that we are in the time of Jesus' return. Get one for yourself and get one for your pastor.

____ **THE CULTURE WARS:** One of the most explosive issues in society over the last number of years is the issue of evolution vs. creation. As taught by our friends at Answers in Genesis, this is actually not where the battle lies. It is in Man's reasoning vs. God's Authority. We as creationists do not lean on blind faith, although we can. We can lean on scientific facts and historical background to back up the fact that Genesis 1:1 is still true and Genesis one explains the true historical origins of man and the universe. This series will take a number of the most controversial issues and show Biblically and historically how to defend our faith. It is very important to understand this issue as when we allow compromise on Genesis 1, there is no further ability to defend against abortion, homosexuality, or any other principle. If we are just here by chance, then nothing else matters. Again, get one for yourself and get one for your pastor or Sunday school teacher.

____ **HUNGRY FOR JESUS:** This is a series taken from the book of Rev. David Wilkerson "Hungry for Jesus". This is a powerful series that discusses developing the right attitudes toward the closer walk and relationship with Christ. It is a desperate need in this day of materialism and corruption that has entered even into the church itself. You will hear messages that every Christian should hear and recognize as significant in their personal spiritual walk.

____ **THE PRESENCE OF GOD:** This is one of the most spiritually powerful series we have to offer. You interacts with us. God desires a much deeper relationship with us than most Christians ever experience. This series sheds light on the relationship we can have and should have as we move deeper and mature more in our life with Him. Don't miss this one!

____ **DEVELOPING YOUR PRAYER LIFE:** We recognize a deep need for prayer in the Christian life. In fact, the Scripture teaches us to pray without ceasing. Yet statistics tell us that the average pastor prays less than twenty minutes a day. If that is true, most likely the average layperson prays less than that. Why when Christians will recognize prayer is so significant, do so many spend so little time doing it? This series of messages opens the door and explores a lot of those issues. Why is it hard to pray, how can we develop a deeper prayer life, how can we quit talking about praying and simply pray. This is a powerful series in developing a deep and fruitful prayer life in your own life.

___ FOUNDATIONS OF REVIVAL: Developed from a teaching by Dr. Jim Lo, this series was developed into preaching messages with tremendous results. Pastor Mike has used this series preaching at revivals across the country and lives have been changed. This is a powerful series that teaches us to get rid of the status quo mentality and begin to seek revival as God intended us to do. It will destroy misconceptions that many of the “revivals” of today are actually spiritual outpourings. We need revival as we saw in the lives of Wesley, Finney, and Whitefield. Using the revival at Asbury a few years ago to kick this off, we learn what it will take to see true Holy Ghost revival break out in our midst.

___ DECEPTION: When Jesus was asked by His disciples what the signs of His coming would be, the first thing He said was “be careful that no man deceive you.” Deception is the word of the day. Using a series of messages from Scripture that says Be not Deceived, and then adding other powerful messages about the deception that is currently happening, we look at this important issue of today. The Devil is at work to deceive the very elect and we must not be ignorant of His devices.

___ THE TEN VIRTUES: The Scripture lays out these virtues that every Christian should operate in: Integrity, Wisdom, Honesty, Modesty, Fidelity, Attitude, Patience, and Industry. We take these virtues and do a Biblical teaching giving direction in how to operate in these areas as God wants us to. If we want to be a witness before men and let our lights shine to others, this is an important set of messages to help us do this.

___ ISLAM AND THE COMING END: The greatest enemy in the face of freedom and Christianity is Islam. It has surpassed communism as the deepest threat we face. Yet with that said, most Christians have no idea what Muslims actually believe and why they feel a need to destroy every other form of belief in their way to world domination. They do not serve the same God as we do. Allah is very much different from Jehovah. They are not peaceful. The only way the Koran can be fulfilled is when every opposing religion is wiped off the face of the earth. They do not desire peace with Israel. Israel must be destroyed for Islam to be what Mohammed intended. This series of messages is so significant in today’s society. If we are to occupy until Jesus comes, we must understand who these people are and what they are truly about, not what our politicians and media are telling us. This series strips off the hype and deception and reveals what Islam is really all about and why they hate us so much. Every Christian needs this series. Every pastor and leader should hear this series. We encourage you to get this one.
